

## ZebraNet Bridge Enterprise

### SIMPLIFY YOUR NETWORK PRINTER MANAGEMENT

ZebraNet™ Bridge Enterprise provides robust management and control of your Zebra® printers. Leveraging the power of ZebraLink™, ZebraNet Bridge Enterprise allows your IT staff to centrally manage distributed printers throughout your enterprise — all from a single PC screen located anywhere on your global network.

#### **Easy to Install. Easy to Use.**

ZebraNet Bridge Enterprise offers a familiar Windows®-like graphical user interface. And configuration of the software, including drag-and-drop file copying and wizard assistance, makes customizing it to your network quick and easy.

#### **Raise Productivity and Cut Costs.**

Reduce printer downtime: Whether the paper's out or the power's out, remote monitoring features help you get your printers back up and running without missing a beat. Save IT administrative time and costs by configuring or updating a selected printer or groups of printers remotely with a few clicks of a mouse.

ZebraNet Bridge Enterprise removes the redundancy from printer setup, which significantly reduces time required for installation, modification and support. With advanced monitoring features like application heartbeat and visual alerts, ZebraNet Bridge Enterprise maximizes printer uptime, maintains quality performance for mission-critical printing, and lowers the total cost of ownership for the print system.

#### **ROI Calculator**

## FACT SHEET

ZEBRANET BRIDGE ENTERPRISE

### Workstation Requirements

- Operating System — Windows® 2000 Professional / Server, XP Home / Professional, 2003 Server
- Processor Speed — 500 MHz
- RAM Memory — 128 MB
- Disk Space — 200 MB available

### Languages Supported

- |                       |                         |
|-----------------------|-------------------------|
| • English             | • Japanese              |
| • French              | • Korean                |
| • Italian             | • Chinese (Simplified)  |
| • Spanish             | • Chinese (Traditional) |
| • Portuguese (Brazil) |                         |
| • German              |                         |

### Connectivity

ZebraNet® wired or wireless print server required to enable network features on the printers.

### Printers Supported

#### Mobile Printers

- ZQ500™ Series
- QLn™ Series
- iMZ™ Series

#### Desktop Printers

- ZD400™ Series
- ZD500 Series
- G-Series™
- HC100™

#### Industrial Printers

- 105SLPlus™
- Xi4™ Series
- ZT200™ Series
- ZT400™ Series

#### Kiosk Printers

- KR403™

#### Print Engines

- ZE500™ Series
